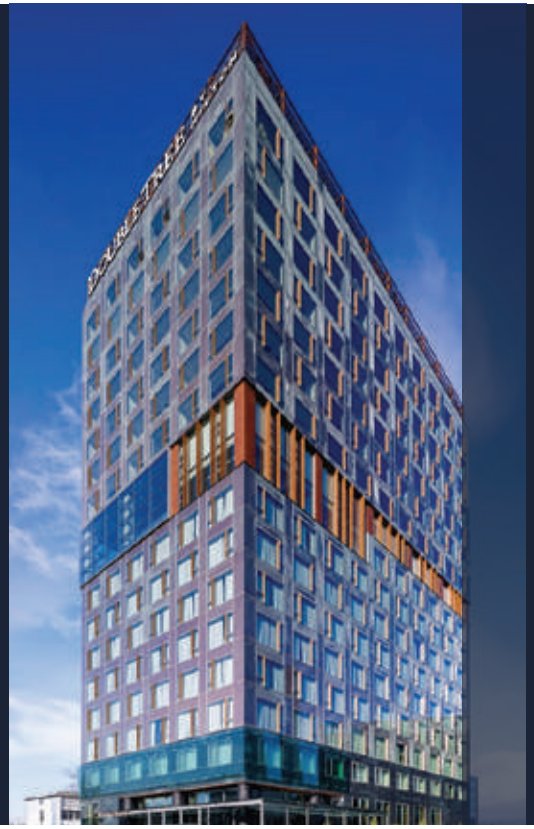
More on Zagreb and Croatia

City Zagreb

Zagreb, capital of the Republic of Croatia, has culture, arts, music, architecture, gastronomy and all the other things that make a quality capital city. It's also called a city of museums as there are more of them per square foot than any other city in the world. This small metropolis is made for strolling the streets, drinking coffee in the permanently full cafes, popping into museums and galleries, and enjoying the theatres, concerts and cinema. Click here for more details.



Accomodation

A wide variety of hotels and private apartments are located near Poliklinika Bagatin at the Green Gold Tower or the downtown location. In case you do not have any idea where to stay, just contact our Call center at the clinic and our colleagues will gladly assist you with organizing your accomodation and stay in Zagreb. Otherwise, you can book directly some of our partner-hotels in order to obtain a special rate that has been pre-negotiated with them. Click here for more details.

BAGATIN

CONDITIONS OF PURCHASE

BOOKING FOR MORE EXTENSIVE SURGERIES

To make it possible for Poliklinika Bagatin to book an appointment for more extensive surgeries, each client has to make a payment of a non refundable deposit in the amount of 20% of the total price of the procedure no later than 20 days prior to surgery. The payment can be made by a bank transfer on the current account of Poliklinika Bagatin (Ulica Kneza Viseslava 14, 10000 Zagreb, Croatia;
IBAN-HR5824020061100843739; SWIFT (BIC) - PBZGHR2X; Erste&Steiermärkische Bank d.d.)

More extensive surgeries include all surgical procedures under local or general anesthesia.

If the client is unable to arrive at the scheduled surgery for legitimate reasons, and he timely informed Poliklinika Bagatin at least 48 hours before the scheduled surgery, the amount of the paid deposit can be used for the same surgery within six months from the date of cancellation, but it can not be exchanged for other Poliklinika Bagatin services. Poliklinika Bagatin reserves the right to the paid deposit of 20% of the total price of the procedure and the same will not be returned to the client.

If the client cancels the scheduled surgery and does not inform Poliklinika Bagatin, or informs Poliklinika Bagatin less than 48 hours before the agreed date, the paid deposit of 20% of the total amount of the procedure will not be returned to the client, and there is no option of scheduling a new date for the service of which he/she gave up, neither the possibility of substitution for another Poliklinika Bagatin service.

TERMS AND BENEFITS FOR PAYMENTS IN ADVANCE

The client is obliged to use the services from the prepaid packages in Bagatin Clinic within one year from the date of the payment, exclusively at the location where the payment was made. If the client does not use all services from the package paid in advance within the specified period, he has no right to a refund for the services that were not used. If the client for legitimate reasons is not able to use all the services of the paid package, within a period of one year from the date of invoice, Poliklinika Bagatin gives the possibility to replace the unused services for other services provided by the department for which he paid a package of treatments / services or to transfer the unused service to a third party. A third party has the right to use the remaining amount of treatments / services that were not used by the client who originally paid for the package of treatments / services within the remaining period of the year.

If the client does not want to use the paid package for any of the above options, the client has no right to a refund for the unused treatments.

If the client does not cancel the prepaid treatment / service within 48 hours before the agreed date, it would be considered that the agreed treatment / service had been properly completed.

It is especially important to note that the cost of treatment / services that are an integral part of the package is determined in the preferential terms compared to the price that these treatments / service have
outside of the package. Therefore, the cost of treatment / service outside of the package is calculated at a price which is indicated in the unit price in the current price list of Poliklinika Bagatin for the month of
purchase of the package

CONDITIONS OF PURCHASE

INSTALLATION OF STRAUMANN AND ICX DENTAL IMPLANTS

Each Straumann and ICX implant carries a guarantee on the material that proves the absence of any impurity of material, and the guarantee and originality of the implant are proven with the help of the Straumann / ICX passport with a unique serial number. Poliklinika Bagatin replaces an unintegrated implant at the expense of Poliklinika Bagatin only to clients who have had implants made at Poliklinika Bagatin, provided that the client had previously complied with all the instructions of the oral surgeon and had come for the regular post-operative check-ups.

Straumann and ICX have a lifetime warranty on the implant, and 10 years warranty on prosthetic components (abutment and screw).

MIS DENTAL IMPLANTS

Each MIS dental implant carries a warranty on the material that proves the absence of any impurity of material. The warranty and originality of the implant are proven by the MIS passport with a unique serial number of each implant.Poliklinika Bagatin replaces an unintegrated implant at its own expense only to those clients who have had implants made at Poliklinika Bagatin, provided that the client had previously complied with all the instructions of the oral surgeon and had come for the regular post-operative check-ups.

MIS gives a lifetime warranty on the implant, and 5 years warranty on prosthetic components (abutment and screw).

DENTAL IMPLANT PROSTHETICS (CROWNS, BRIDGES)

If the implant falls out, it is necessary to replace the prosthetics. Who bears the costs of new prosthetic work will depend on the reasons why the implant has fallen out. If the implant falls out within 30 days of the prosthetic treatment at Poliklinika Bagatin, Poliklinika Bagatin will bear the cost of the new prosthetic work. If the falling of the implant is a result of poor hygiene, the absence of dental check-ups and noncomplience with the instructions of the dental surgeon, the client bears the cost of the new prosthetic work.

PROSTHETICS ON OWN TOOTH (CROWNS, VENEERS, BRIDGES)

If the prosthetic work falls out immediately after the prosthetic treatment at Poliklinika Bagatin, Poliklinika Bagatin bears the cost of new prosthetic work. If the falling of the prosthetic work is a result of poor hygiene, the absence of checkups and similar failure in following instructions of the dental surgeon, the client bears the cost of the new prosthetic work.

CONDITIONS OF PURCHASE

WARRANTY ON PROSTHETICS

All metal ceramic crowns, metal-free crowns, veneers and wironit dentures have a 5 year warranty in case of falling out as well as breakage of the crown. Acrylate denture also has a 5 year warranty if it is a permanent denture. Retention elements such as retention buckles, or denture ankers have a 2 years warranty. The warranty does not apply to temporary crowns, bridges or mobile prostheses as temporary solutions.

WARRANTIES ON RESTORATIVE AND ENDODONTIC PROCEDURES

All composite fillings have a 1 year warranty, while ceramic fillings (inlay, onlay, overlay) have a 2 year warranty.
Root canal fillings and root canal revisions have no guarantee because of high risk due to individual variations in root canal morphology.

THE WARRANTY IS NOT VALID UNLESS:

- The client fails to comply with the provider's instructions on maintaining oral hygiene
- The client does not maintain the hygiene with the adequate products according to the recommendation of the service provider
- The client incorrectly uses and does not maintain mobile prosthetic appliances
- The client does not come to regular check-ups at least once in 3 or 6 months depending on the provider's assessment and instructions
- The client does not accept the therapy to be carried out in case that during the check-up doctor determines the possibility of developing a disease that would compromise the work
- The client, after the end of the provided health service, is diagnosed with tooth disease or disease of surrounding tissues, for which it is necessary to perform treatment where it is necessary to completely eliminate or partially damage the work (eg periodontal disease, pulpitis, cyst, periapical process) and those were not visible during therapy
- a general illness has occurred that has an influence on the client's masticatory system (eg diabetes, epilepsy, osteoporosis, chemotherapy, radiation in oncological patients...)
- The client significantly loses or gains weight over a short period of time
- Damage caused during incidents or emergency interventions (eg fall, blow,collision)
- Damage caused by poor nutrition and other habits
- in case of damage caused by circumstances that Poliklinika Bagatin couldn't affect
